Sent: September 11, 2019 6:35 PM

To: bvarma@unitedwaykfla.ca; jdipaolo@unitedwaykfla.ca;

Here is the flight approval from NavCan. The only thing we to do now at their request is to contact the airport control tower at the beginning and end of our flights.

Please verify that the flight window from 5pm-11pm is good.

Just waiting on Darren's pilots certificate.

Thank you!

Hi Wayne,

I just wanted to double check no concerns on your side with the United Way accessing the old Warden's Office in the NW A3 Admin Building overlooking the stage (the Production said this was approved on the site tour, but it wasn't part of United Way's original application and I wasn't at the tour myself).

Thanks, [REDACTED]

Hey Everyone,

Based on my call just now with Dave, I've updated your application to include the interior of the old Warden's office in the NW Administration Building, overlooking the concert (it previously covered exterior filming only). Updated and attached.

Let me know if any other changes, because I'll start drafting the agreement this afternoon with the goal of having it to you mid next week (we're in a bit of a backlog coming off production and hiring/training a new support staff).

Cheers,

I just spoke with [REDACTED]. He advised me that in order to film from the Wardens old office that you need to check off the box that says interior. And state we are filming down on the stage from there we are good to go.

I advised him that we took the prep tour with CSC and the offices have hydro and lights and they are free of debris etc.

Any qs call me or text at 613-572-4205
